PROFESSIONAL SUMMARY

Project Manager with 4+ years of experience delivering large-scale, technology-driven programs across supply chain, retail, and customer engagement domains. Led end-to-end execution of global traceability initiatives covering 26M+ units, improving vendor onboarding success to ~80% through structured stakeholder engagement and process optimization.

Skilled in cross-functional leadership, KPI-driven performance management, and solving complex operational challenges in high-resistance environments. Combines strong analytical capabilities (financial analysis, data-driven decision-making) with hands-on execution to drive measurable business outcomes.

PROFESSIONAL EXPERIENCE

TextileGenesis

Bengaluru, KA, India

Associate Project Lead

June 2023 - October 2025

- Delivered global traceability programs covering 26M+ units by leading end-to-end execution across brands like American Eagle, Mango, GAP, and Varner.
- Improved vendor onboarding success to ~80% by designing structured onboarding, training, and engagement strategies across Tier 1–5 suppliers.
- Enabled cross-functional project delivery across 4+ teams by coordinating product, engineering, compliance, and client stakeholders.
- Standardized multi-framework compliance across 4 traceability systems by aligning Supima, US Cotton, Egyptian Cotton, and MMF requirements.
- Increased data accuracy and compliance adherence by identifying critical system risks and implementing corrective training and validation processes.
- Enhanced decision-making speed using KPI dashboards by tracking PO fulfilment, vendor performance, and traceability metrics.
- Improved vendor participation in high-resistance environments by leading direct stakeholder interventions (calls, workshops, training).
- Scaled program adoption across clients by conducting weekly, quarterly, and annual performance reviews with actionable insights.
- Contributed to product innovation (footwear traceability module) by collaborating with tech teams on workflows, documentation, and rollout strategy.

Puma

Bengaluru, KA, India

Buying & Merchandising

January 2023 - April 2023

- Identified product gaps and growth opportunities in cricket-focused sportswear by analyzing market trends and consumer demand patterns.

- Influenced product development across socks, footwear, and cricket equipment by conducting in-depth research on sports accessories and team apparel.
- Expanded customer reach and improved product-market fit by addressing sizing challenges through data-backed insights and assortment adjustments.
- Optimized assortment planning and pricing strategy by aligning product mix with demand trends and market positioning.

Reliance Brands Limited

Gurgaon, UP, India

Buying Intern

June 2022 - July 2022

- Shaped SS23 buying strategy by conducting footwear trend analysis aligned with market demand.
- Optimized inventory planning and stock allocation by supporting seasonal demand forecasting and execution.
- Improved retail customer experience consistency by developing product care and training manuals.

Digit.in

Remote

Campus Ambassador and Micro Community Manager

April 2020 - April 2021

- Scaled community presence from 1 to 15+ colleges by building partnerships and outreach programs.
- Drove high engagement across student users by organizing 15–20 events per quarter.
- Increased platform adoption and retention by strengthening campus-level community networks.

A2Z Planner & Solutions Pvt. Ltd.

Kolkata, WB, India

Research Analyst Writer

October 2018 - November 2019

- Delivered high-quality academic research for global students across finance and management disciplines by supporting thesis development, structured analysis, and end-to-end research execution.
- Specialized in financial and ratio analysis for top-tier university students by applying advanced Excel-based modelling and analytical frameworks.
- Supported research outcomes for students from leading institutions (including London School of Economics) by ensuring accuracy, depth, and adherence to academic standards.
- Improved research quality and turnaround efficiency by standardizing analytical approaches and financial evaluation methods.
- Trained and onboarded 5 new team members by developing structured guidance on management research and financial writing processes.

Maneyo Food Pvt. Ltd.

Kolkata, WB, India

Business Development & Organization Manager

June 2018 - September 2018

- Built and led a 20+ member operations team by driving hiring, training, and execution in a startup environment.
- Validated product-market fit and Go-To-Market strategy by conducting on-ground customer research and surveys.
- Improved customer acquisition and delivery efficiency by managing B2B and B2C operations.

Cegura Technology Solutions

Kolkata, WB, India

Customer Service Associate

August 2017 - October 2017

- Improved product experience insights by analysing customer feedback and behavioural data.
- Strengthened user-centric strategy development by designing surveys and conducting persona-based research.
